### Money Saving Tips

-Pay attention to sales at Staples, Walmart, Target, Office Depot, etc.

-All students must put their names on them and all belongings so they have a better chance of getting things back if or when they lose them.

-If you buy large quantities of pencils or pens, please reserve some at home. Most students need three to five pencils and two pens to start the school day.

-Try to stay away from spiral notebooks with pictures or fancy designs. They cost more. If they are needed, buy solid color “no-name” spirals.
